LRP Site Considerations Review

EDP Renewables Canada Ltd.

Document No.: 800916-CAMO-T-01-C / Final

Date: 25 August 2015

IMPORTANT NOTICE AND DISCLAIMER

1. This document is intended for the sole use of the Customer as detailed on the front page of this document to whom the document is addressed and who has entered into a written agreement with the DNV GL entity issuing this document ("DNV GL"). To the extent permitted by law, neither DNV GL nor any group company (the "Group") assumes any responsibility whether in contract, tort including without limitation negligence, or otherwise howsoever, to third parties (being persons other than the Customer), and no company in the Group other than DNV GL shall be liable for any loss or damage whatsoever suffered by virtue of any act, omission or default (whether arising by negligence or otherwise) by DNV GL, the Group or any of its or their servants, subcontractors or agents. This document must be read in its entirety and is subject to any assumptions and qualifications expressed therein as well as in any other relevant communications in connection with it. This document may contain detailed technical data which is intended for use only by persons possessing requisite expertise in its subject matter.
2. This document is protected by copyright and may only be reproduced and circulated in accordance with the Document Classification and associated conditions stipulated or referred to in this document and/or in DNV GL's written agreement with the Customer. No part of this document may be disclosed in any public offering memorandum, prospectus or stock exchange listing, circular or announcement without the express and prior written consent of DNV GL. A Document Classification permitting the Customer to redistribute this document shall not thereby imply that DNV GL has any liability to any recipient other than the Customer.
3. This document has been produced from information relating to dates and periods referred to in this document. This document does not imply that any information is not subject to change. Except and to the extent that checking or verification of information or data is expressly agreed within the written scope of its services, DNV GL shall not be responsible in any way in connection with erroneous information or data provided to it by the Customer or any third party, or for the effects of any such erroneous information or data whether or not contained or referred to in this document.
4. Any wind or energy forecasts estimates or predictions are subject to factors not all of which are within the scope of the probability and uncertainties contained or referred to in this document and nothing in this document guarantees any particular wind speed or energy output.

KEY TO DOCUMENT CLASSIFICATION

Strictly Confidential	:	For disclosure only to named individuals within the Customer's organization.
Private and Confidential	:	For disclosure only to individuals directly concerned with the subject matter of the document within the Customer's organization.
Commercial in Confidence	:	Not to be disclosed outside the Customer's organization.
DNV GL only	:	Not to be disclosed to non-DNV GL staff
Customer's Discretion	:	Distribution for information only at the discretion of the Customer (subject to the above Important Notice and Disclaimer and the terms of DNV GL's written agreement with the Customer).
Published	:	Available for information only to the general public (subject to the above Important Notice and Disclaimer).

2. SITE CONSIDERATIONS REVIEW TABLE

Table 2-1: Site Considerations Review

3.2.6 LRP Site Considerations Requirements	DNV GL Review / Comment	Requirement Satisfaction
(a) The Registered Proponent must provide evidence that they have received the MTCS Sites Confirmation.	A request has been submitted to the MTCS regarding any known archaeological resource within 250 meters of the Site by DNV GL on 6 July, 2015. The MCTS confirms the Site Outer Boundary is not within 250 meters of an archeological site (see Appendix A).	This requirement shall be satisfied by the Registered Proponent's inclusion of a copy of the MTCS Archaeological Sites Confirmation in the Proposal. The MTCS Archaeological Sites Confirmation may be in the form of an email or other written correspondence from MTCS.
<p>(b) Site Considerations Information:</p> <p>(i) The Registered Proponent must provide detailed scale maps of the Large Renewable Project and the Connection Line at a suitable scale to clearly identify (collectively, the "Site Considerations Information"):</p>		
(1) The Site , and if the Site is constituted by more than one non-contiguous Properties a scale map showing the outer boundary of the entire Site must be included;	DNV GL confirms that this item is Included in the Site Considerations, see Detailed Maps.	A copy of the Site Considerations Information (including copies of any background reports, sources or materials) must be continuously posted on the Large Renewable Project Website from the date that is at least fifteen (15) days prior to the date of the public community meeting identified in response to Subsection 3.2.6(c), and continuing until the IESO announces the Selected Proponents for this LRP I RFP, if any.
(2) The proposed Connection Line and Connection Point , showing the length of the Connection Line, the GPS coordinates for the Site and the Connection Point, and any other TS (or associated feeder) or the Circuit connected to the IESO Controlled Grid that is closer in geographic proximity to the Site than the proposed Connection Point;	DNV GL confirms that this item is included in the Site Considerations, see Detailed Maps. There is currently one connection point option located within the Site Outer Boundary, the length of the connection line is anticipated to be null as a result.	A copy of the Site Considerations Information must have been delivered to the clerk of each Project Community, if applicable, and any other designated official prescribed by each Project Community, acting reasonably.
(3) To the extent available, the proposed location of key features of the Large Renewable Project such as access roads, internal driveways, generating equipment, structures, transformers, inverters and communications towers .	The Project infrastructure will be located within the Site boundary shown on the Detailed Maps. The Project infrastructure will include: wind turbines, access roads, collection system and transformer station.	This requirement shall be satisfied by: (i) the completion of the Prescribed Form – Site Considerations Confirmation attaching the Site Considerations Information (including reference to any background reports and sources, which must be published on the Registered Proponent's website) and confirming that, in the view of a qualified Independent Engineer, the Site Considerations Information is complete, accurate and consistent with this LRP I RFP and accepted methodologies, industry standards and best practice, provided that: (i) the Independent Engineer may rely on the views of one or more individuals who have the qualifications, training, expertise and experience in carrying out studies or evaluations as recommended or required by the Renewable Energy Approval and other equivalent environmental assessments or approvals (each a "Qualified Third Party"); and (ii) the Independent Engineer must identify and provide a summary of the qualifications, training, expertise and experience of each Qualified Third Party that it relies upon; and (2) the Registered Proponent's confirmation in the Prescribed Form –Registered Proponent Declarations and substantiating evidence which must include: (i) a screenshot of the Large Renewable Project Website with the Site Considerations Information posted with the date and URL clearly shown; and (ii) copies of courier transmittal sheets evidencing delivery of the Site Considerations Information to each of the Project Communities.
(4) The boundaries of any Municipality and Unorganized Territory in which the Site or the Connection Line is to be located, in whole or in part, including the identity of each Municipality and, if applicable, Unorganized Territory.	DNV GL confirms that this item is Included in the Site Considerations, see Municipal Boundaries Map.	
(5) The boundaries of any First Nation Lands the Site or the Connection Line is to be located, in whole or in part, including the identity of the First Nation Lands and the Corresponding First Nation Community	DNV GL confirms that this item is Included in the Site Considerations, see General Location Map. DNV GL did not identify any First Nation Lands within 5 km of the Site Boundary.	

3.2.6 LRP Site Considerations Requirements	DNV GL Review / Comment	Requirement Satisfaction
(6) The boundaries of any geographic township (identified pursuant to the Territorial Division Act, 2002, SO 2002, c 17, Sched. E) in which the Large Renewable Project or the Connection Line is to be located, in whole or in part, including the identity of the geographic township	DNV GL confirms that this item is Included in the Site Considerations, see Municipal Boundaries Map.	<p>A copy of the Site Considerations Information (including copies of any background reports, sources or materials) must be continuously posted on the Large Renewable Project Website from the date that is at least fifteen (15) days prior to the date of the public community meeting identified in response to Subsection 3.2.6(c), and continuing until the IESO announces the Selected Proponents for this LRP I RFP, if any.</p> <p>A copy of the Site Considerations Information must have been delivered to the clerk of each Project Community, if applicable, and any other designated official prescribed by each Project Community, acting reasonably.</p> <p>This requirement shall be satisfied by: (i) the completion of the Prescribed Form – Site Considerations Confirmation attaching the Site Considerations Information (including reference to any background reports and sources, which must be published on the Registered Proponent’s website) and confirming that, in the view of a qualified Independent Engineer, the Site Considerations Information is complete, accurate and consistent with this LRP I RFP and accepted methodologies, industry standards and best practice, provided that: (i) the Independent Engineer may rely on the views of one or more individuals who have the qualifications, training, expertise and experience in carrying out studies or evaluations as recommended or required by the Renewable Energy Approval and other equivalent environmental assessments or approvals (each a "Qualified Third Party"); and (ii) the Independent Engineer must identify and provide a summary of the qualifications, training, expertise and experience of each Qualified Third Party that it relies upon ;and (2) the Registered Proponent’s confirmation in the Prescribed Form –Registered Proponent Declarations and substantiating evidence which must include: (i) a screenshot of the Large Renewable Project Website with the Site Considerations Information posted with the date and URL clearly shown; and (ii) copies of courier transmittal sheets evidencing delivery of the Site Considerations Information to each of the Project Communities.</p>
(7) any "highway" (as defined in the Highway Traffic Act, RSO 1990, c H.8) crossing or located within 5 kilometers of the Site or the proposed Connection Line, including the location, name and number of each such highways	DNV GL confirms that this item is Included in the Site Considerations, see General Location Map and Town Roads within 5 km Map.	
(8) any "railway" (as defined in the Canada Transportation Act, SC 1996, c 10) crossing or located within 5 kilometers of the Site or the proposed Connection Line, including the location and name of each such railways;	DNV GL confirms that this item is Included in the Site Considerations, see General Location Map.	
(9) any national park (identified in Schedule 1 of the Canada National Parks Act, SC 2000, c 32), provincial park or conservation reserve (identified pursuant to the Provincial Parks and Conservation Reserves Act, 2006, SO 2006, c 12) located within 120 meters of the Site or the proposed Connection Line, including the location and name of such parks or conservation reserves;	<p>DNV GL confirms that this item is Included in the Site Considerations, see General Location Map.</p> <p>DNV GL did not identify any Provincial Park, National Park or Conservation Reserve within 120 m of the Site.</p>	
(10) any airports, aerodromes and weather radars located within 5 kilometers of the Site or the proposed Connection Line, including the location and name of such airports, aerodromes and weather radars;	<p>DNV GL confirms that this item is Included in the Site Considerations, see General Location Map.</p> <p>DNV GL identified one airport, the Ottawa/Embrun Airport, within 5 km of the Site. DNV GL did not identify any aerodrome or weather radar within 5 kilometers of the Site.</p>	
(11) the Property boundaries for each Property on which the Site is located, each Property that Abuts Property on which the Site is located, each Property where the proposed Connection Line will be situated, and each Property that abuts a Property where the Connection Line will be situated;	DNV GL confirms that this item is Included in the Site Considerations, see Detailed Maps.	
(12) any Permanent Known Water Body located within 120 meters of the Site or the proposed Connection Line, including the location and, if applicable, the common name associated with such Permanent Known Water Body;	DNV GL confirms that this item is Included in the Site Considerations, see Detailed Maps.	
(13) if the Large Renewable Project is to utilize On-Shore Wind as it Renewable Fuel: (i) the location of any other Renewable Generating Facilities that utilize On-Shore Wind as a Renewable Fuel that have been constructed and are located within 5 kilometers of the Site clearly identifying the location of each turbine; and (2) the location of the project site boundary for any proposed but unconstructed Renewable Generating Facilities that utilize On-Shore Wind as a Renewable Fuel that are located within 5 kilometers of the Site and which have received a Renewable Energy Approval as indicated at www.ontario.ca/environment-and-energy/renewable-energy-projects-listing	<p>DNV GL confirms that this item is Included in the Site Considerations, see General Location Map.</p> <p>DNV GL identified two Solar Farms within 5 km of the Site: CityLights Solar Project and Mighty Solar Project, both are owned by Canadian Solar.</p>	

3.2.6 LRP Site Considerations Requirements	DNV GL Review / Comment	Requirement Satisfaction
<p>(14) if the Large Renewable Project is to be located on provincial Crown lands (in whole or in part): (i) the boundaries of each Property on which the Site is located, and that Abuts the Property on which the Site is located; and (2) every Provincial Crown Land Lease located on a Property on which the Site is located, and that Abuts the Property on which the Site is located;</p>	<p>The Site is not located on Crown Land.</p>	
<p>(15) (i) within a Natural Heritage Information Centre 1 kilometer grid square which contains an “Endangered” or “Threatened” species observation record (protected pursuant to the Endangered Species Act, 2007, SO 2007, c 6);</p>	<p>DNV GL listed the NHIC species records within 1 kilometer grid square intersecting the Site. The records are presented in Section 3.</p> <p>See Table below and NHIC Grid Map.</p>	<p>A copy of the Site Considerations Information (including copies of any background reports, sources or materials) must be continuously posted on the Large Renewable Project Website from the date that is at least fifteen (15) days prior to the date of the public community meeting identified in response to Subsection 3.2.6(c), and continuing until the IESO announces the Selected Proponents for this LRP I RFP, if any.</p>
<p>(15) (ii) within 120 meters of a provincially significant area of natural and scientific interest;</p>	<p>DNV GL confirms that this item is included in the Site Considerations, see Detailed Maps.</p> <p>DNVGL identified no provincially significant area of natural and scientific interest within 120 m of the Site.</p>	<p>A copy of the Site Considerations Information must have been delivered to the clerk of each Project Community, if applicable, and any other designated official prescribed by each Project Community, acting reasonably.</p>
<p>(15) (iii) within 120 meters of a known provincially significant wetland;</p>	<p>DNV GL confirms that this item is Included in the Site Considerations, see Detailed Maps.</p> <p>DNV GL identified no provincially significant wetlands within the 120 m of the Site.</p>	<p>This requirement shall be satisfied by: (i) the completion of the Prescribed Form – Site Considerations Confirmation attaching the Site Considerations Information (including reference to any background reports and sources, which must be published on the Registered Proponent’s website) and confirming that, in the view of a qualified Independent Engineer, the Site Considerations Information is complete, accurate and consistent with this LRP I RFP and accepted methodologies, industry standards and best practice, provided that: (i) the Independent Engineer may rely on the views of one or more individuals who have the qualifications, training, expertise and experience in carrying out studies or evaluations as recommended or required by the Renewable Energy Approval and other equivalent environmental assessments or approvals (each a “Qualified Third Party”); and (ii) the Independent Engineer must identify and provide a summary of the qualifications, training, expertise and experience of each Qualified Third Party that it relies upon ; and (2) the Registered Proponent’s confirmation in the Prescribed Form –Registered Proponent Declarations and substantiating evidence which must include: (i) a screenshot of the Large Renewable Project Website with the Site Considerations Information posted with the date and URL clearly shown; and (ii) copies of courier transmittal sheets evidencing delivery of the Site Considerations Information to each of the Project Communities.</p>
<p>(15) (iv) within or Abutting an area designated in the plan approved under the Niagara Escarpment Planning and Development Act, the plan approved under the Oak Ridges Moraine Conservation Act, 2011 and O. Reg. 142/02, the plan approved under the Greenbelt Act, 2005, and the Lake Simcoe watershed (as defined in the Lake Simcoe Protection Act, 2008);</p>	<p>The Site is not located in the Niagara Escarpment, the Oak Ridges Moraine, the Greenbelt, or the Lake Simcoe watershed, see Designated Areas Map.</p> <p>The Site is does not intersect with an area designated in the plan approved under the Niagara Escarpment Planning and Development Act, the plan approved under the Oak Ridges Moraine Conservation Act, 2011 and O. Reg. 142/02, the plan approved under the Greenbelt Act, 2005 or the Lake Simcoe watershed (as defined in the Lake Simcoe Protection Act, 2008).</p>	

3.2.6 LRP Site Considerations Requirements	DNV GL Review / Comment	Requirement Satisfaction
<p>(15) (v) within or Abutting a recognized heritage resource (including Properties protected under the Ontario Heritage Act, RSO 1990, c O.18, Properties included on a list or register of heritage resources maintained by the Municipality, Properties that are the subject of a local or provincial plaque, or Properties that are set aside as a national historic site of Canada under Section 42 of the Canada National Parks Act, SC 2000, c 32).</p>	<p>DNV GL confirms that this item is included in the Site Considerations, see General Map. Sources are listed in Table 4-1.</p> <p>DNV GL identified one Trust natural heritage conservation easement site (Easement Site 1) abutting the Site to the east, south of County Road 9. The two nearest Ontario Trust Easement sites are over 4 kilometers from the Site Outer Boundary. Moreover, there are two cemeteries within the Site Outer Boundary, namely Berwick United Cemetery within the town of Berwick and Goldfield's Community Cemetery near the corner of Goldfield Road and County Road 43. There is also one cemetery, St Bernard's Roman Catholic Cemetery, abutting the Site on County Road 43, west of Finch.</p>	

3. NATURAL HERITAGE INFORMATION CENTER SPECIES RECORD

The following table present the Species Observations records contained within the Natural Heritage Information Center 1 km grid square intersecting the Site.

Provincial Rank (S-Rank)

S1: Critically Imperilled
 S2: Imperilled
 S3: Vulnerable
 S4: Apparently Secure
 SH: Historic
 SX: Presumed Extirpated

COSEWIC and SARO Status

END/E: Endangered
 THR/T: Threatened
 SC: Special Concern
 NAR: Not at Risk

Table 3-1: NHIC Species Records – Nation Rise

Scientific Name	Common Name	S-Rank	COSEWIC Status ⁴	SARO Status ³
Lanius ludovicianus	Loggerhead Shrike	S2B	END	END
Chelydra serpentina	Snapping Turtle	S3	SC	SC
Dolichonyx oryzivorus	Bobolink	S4B	THR	THR
Sturnella magna	Eastern Meadowlark	S4B	THR	THR
Emydoidea blandingii	Blanding's Turtle	S3	THR	THR
Carex atlantica	Atlantic Sedge	S1		
Weissia muhlenbergiana	Mhlenberg's Weissia	S2		
Restricted Species	No information available			

4. CULTURAL RESOURCE REVIEW SUMMARY

Table 4-1: Cultural Resource Review Summary

Cultural Resource Database or Contact	Source
<p>Ontario Heritage Trust's Online Plaque Guide</p>	<p>Available Online: http://www.heritagetrust.on.ca/Resources-and-Learning/Online-Plaque-Guide.aspx</p> <p>Consulted on 3 July 2015.</p> <p>DNV did not identify any Plaques within or abutting the Site boundary. See Appendix A.</p>
<p>Canada's Historic Places Register</p>	<p>Available Online: http://www.historicplaces.ca/en/rep-reg/search-recherche.aspx</p> <p>Consulted on 3 July 2015.</p> <p>DNV did not identify any Historic Places within or abutting the Site boundary. See Appendix A.</p>
<p>Ontario Heritage Trust</p>	<p>A request has been sent on 6 July 2015 to Ontario Heritage Trust in order to confirm if the Trust has any conservation easement sites within or adjacent to the Site.</p> <p>A response was received on 8 July 2015 stating there is one Trust natural heritage conservation easement site abutting the Site Outer Boundary. See Appendix A.</p>
<p>Parks Canada Directory of Federal Heritage Designations</p>	<p>Consulted 6 July 2015.</p> <p>DNV GL did not find any records in the Directory of Federal Heritage Designation within the Township of North Stormont. See Appendix A.</p>
<p>United Counties of Stormont, Dundas and Glengarry</p>	<p>The information regarding the list of Cultural heritage resources within the United Counties of Stormont, Dundas and Glengarry has been requested.</p> <p>On 8 July 2015, Alison McDonald, Manager of Planning, confirmed that such information was not available at the County, and referred to the Township of North Stormont for additional information. See Appendix A.</p>

Cultural Resource Database or Contact	Source
<p>Township of North Stormont</p>	<p>The information regarding the list of Cultural heritage within the Township of North Stormont has been requested.</p> <p>On 9 July 2015, Amy Doyle, Planner of the Township of North Stormont, confirmed that the Township is not aware of any heritage resources within the Site Outer Boundary, and that cemeteries should be considered as heritage site. See Appendix A.</p> <p>DNVGL reviewed the cemeteries located within the Site Boundary through the Ontario Genealogical Society. Two cemeteries are within the Site Outer Boundary, namely Goldfield's Community Cemetery and Berwick United Cemetery. One cemetery abuts the Site Outer Boundary, St. Bernard's Roman Catholic Cemetery.</p>
<p>Township of North Dundas</p>	<p>The information regarding the list of Cultural heritage within the Township of North Stormont has been requested.</p> <p>On 24 August 2015, Jo-Anne McCaslin, Municipal Clerk, sent a list of Heritage Properties within the Township of North Dundas.</p> <p>DNV GL reviewed the list and found no Heritage Properties within or abutting the Site Outer Boundary and Connection Line. See Appendix A.</p>
<p>Township of Russell</p>	<p>The information regarding the list of Cultural heritage within the Township of Russell has been requested.</p> <p>On 25 August 2015, Dominique Tremblay, Director of Planning and Building, confirmed that there is no recognized heritage resource listed at the Township of Russell within or abutting the Site Outer Boundary and Connection Line. See Appendix A.</p>
<p>Township of South Stormont</p>	<p>The information regarding the list of Cultural heritage within the Township of South Stormont has been requested.</p> <p>On 21 August 2015, Loriann Harbers, CMO, Director of Corporate Services/Clerk of the Township of North Stormont, released the list of Heritage Properties within the Township of North Stormont. See Appendix A.</p> <p>DNVGL reviewed the list and found no Heritage Properties within or abutting the Site Outer Boundary and Connection Line.</p>

Simon Fraser 1775-1852
A major figure in the history of Canadian exploration and the fur trade, Fraser joined the North West Company in 1792 and for 12 years was in charge of all operations west of the Rocky Mountains. Following his retirement from the company in 1817, he moved to eastern Ontario wh...

Holstein Friesian Cattle in Ontario
In 1881, Michael Cook, a prosperous farmer, imported the first Holstein Friesian cattle into Ontario. The breed quickly proved its worth and in 1886 was officially recognized by the Dairymen's Association of Eastern Ontario as the leading milk-producing breed.

St. Andrew's Church
The oldest remaining stone structure in the province erected as a church, this building was constructed about 1801 and served its Roman Catholic congregation until 1960 when the adjacent church was built. During the War of 1812, St. Andrew's was used as a hospital.

Captain Miles Macdonell
After serving with the British forces during the American Revolution, Macdonell (c. 1787-1828) took up farming in the Cornwall area. As Lord Selkirk's agent he led the first band of settlers to the Red River colony in present-day Manitoba. He subsequently returned to eastern On...

Subject: FW: Map or Listing of Heritage Resources for Nation Rise Wind Farm (Russell)

Good morning

Following our phone conversation I would like to confirm there is no recognized heritage resource in your Township of Russell or Properties protected under the Ontario Heritage Act or Properties included on a list, inventory or municipal register of heritage resources maintained by the Municipality or Properties that are the subject of a local or provincial plaque on the map attached as provided on your initial email.

Thanks

Dominique Tremblay

 Subject: Nation Rise Wind Project - Map or Listing of Properties protected under the Ontario Heritage Act
 Message: MTCS_Overview_NationRise_ON_150706.jpg (3 MB)

Sent: Mon 06/07/2015 4:19 PM

Good Afternoon Jeremy,

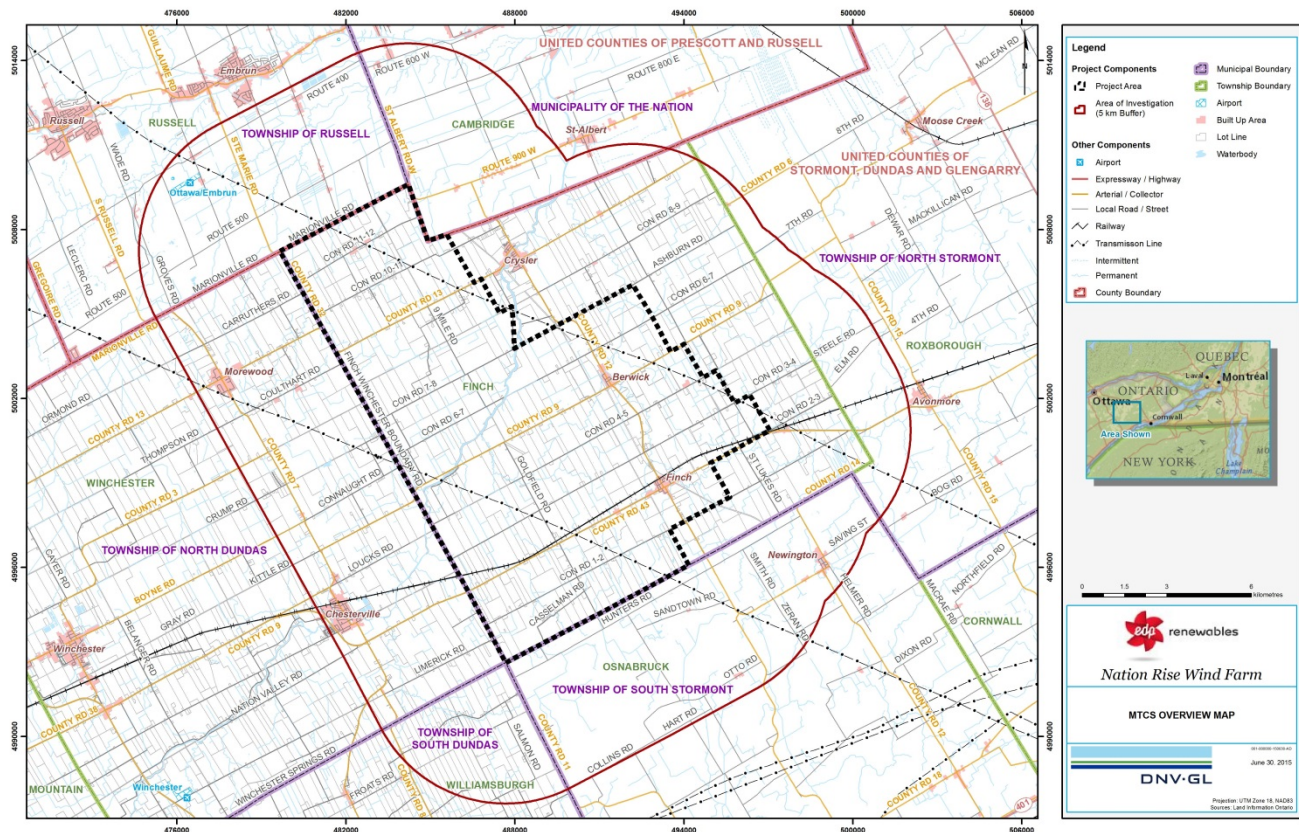

Please find attached the general project location for Nation Rise Wind Project project in the Township of North Dundas (United Counties of Stormont, Dundas and Glengarry). The project proponent for this project is EDP Renewables.

In the context of the LRP / RFP requirements, is any property within or adjacent to the general project area shown on the mapping provided subject to a Trust conservation easement?

Many thanks,

Francis Langelier
 GIS Team Leader, Environmental and Permitting Services

An agency of the Government of Ontario

VIA MAIL AND EMAIL

July 8, 2015

Francis Langelier, GIS Team Lead
GL Garrad Hassan Canada Inc. DNV GL – Energy
4100 Rue Molson, Suite 100
Montreal, QC H1Y 3N1

Dear Mr. Langelier:

Re: LRP | RFP Information Request – Nation Rise Wind Farm Project

We are in receipt of your emails and accompanying mappings to the Ontario Heritage Trust with respect to the LRP | RFP Information Request concerning the above-noted proposed renewable energy project.

As the Province's lead heritage agency, the Trust is mandated to preserve, protect and promote the conservation of the Province's rich natural and cultural heritage. In carrying out the above mandate, the Trust protects many significant cultural heritage and natural heritage sites across Ontario through ownership and conservation easements. The Trust also promotes appropriate measures to protect heritage resources which may be affected by large-scale undertakings.

Further to your request for information, we have reviewed the map of the study area and connection line for the above-noted proposed renewable energy project against our database of Trust easement properties. Our review indicates that there are two Trust natural heritage conservation easement sites located within the buffer zone bordered in red on the mapping you provided (see easement sites 1 and 2 shown on Figure 1 in Schedule A attached). Easement site 2 appears to be located adjacent to the eastern boundary of the project area (see Figure 1 in Schedule A). A third Trust natural heritage conservation easement site (easement site 3) appears to be located in close proximity to the buffer zone (see Figure 2 in Schedule A). The legal descriptions for these easement sites are as follows:

Easement site 1:

Pt. N ½ of Lot 22, Con. 6, Finch, North Stormont and Pt S ½ of Lot 22, Con 6, Finch, North Stormont (being all of PIN 60112-0059)

Easement site 2:

Pt Lots 19 and 20, Con 5, Finch, North Stormont (being all of PINs 60109-0156 and 60109-0080) and Pt Lot 20, Con. 4, Finch, North Stormont (being all of PIN 60112-0097).

Easement site 3:

Pt Lot 2, Con. 7, South Stormont (being all of PINs 60229-0133 and 60229-0134).

In addition to the above, we note that a portion of the more northerly proposed transmission line corridor appears to be located in close proximity to easement site 2 (see Figures 1 and 2 in Schedule A).

10 Adelaide Street East
Toronto, Ontario M5C 1J3

Telephone: 416-325-5000
Fax : 416-325-5071
www.heritagetrust.on.ca

We strongly encourage you to contact the Ministry of Tourism, Culture and Sport, if you have not already done so, in order to determine if there are any other cultural heritage interests which may be affected by this project. In this regard, we recommend that you liaise with Laura Hatcher, Heritage Planner / Acting Team Lead, Land Use Planning, Cultural Services Unit at the Ministry. She can be reached at 416-314-3108 by phone or Laura.Hatcher2@ontario.ca by email.

Should you have any questions, please contact me at 416-325-5019.

Yours truly,

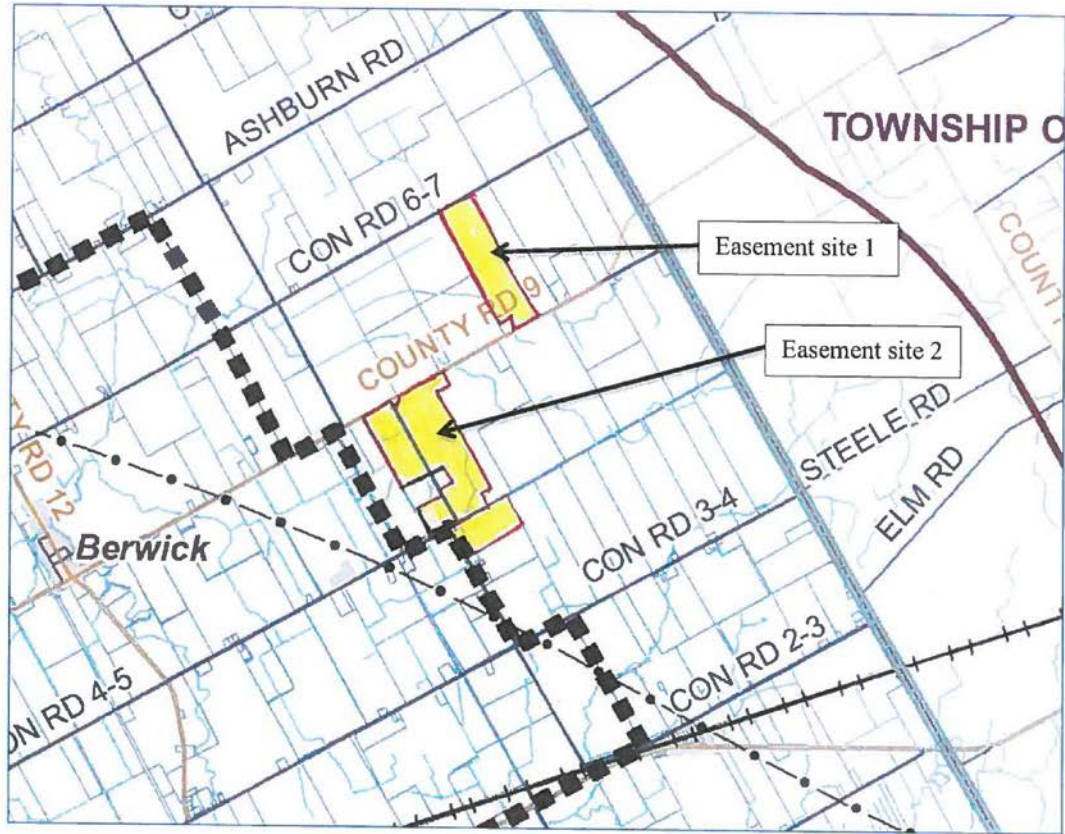

Michael Sawchuck
Manager, Acquisitions and Conservation Services
